**Part VI**

**Basis for characterizing contributions not reported as revenue:**

Vidant Health Foundation raises contributions on behalf of the not-for-profit hospitals in the ECU Health system. These contributions are considered agency transactions under generally accepted accounting principles. Contributions received through agency transactions are not recorded as revenue on the books of the agent. The primary factor in determining if a transaction is considered an agency transaction is "variance power". If the donor stipulates the final recipient of the contribution, then the agent does not have variance power and would not recognize the contribution as revenue or the distribution of those funds as an expense.

Agency fund transactions for the fiscal year ended September 30, 2022 are as follows:

3,957,558 Contributions received on behalf of others

132,280 Interest and dividends (net of fees)

(1,829,516) Realized and unrealized gains

46,639 Change in allowance for doubtful accounts

2,306,961 Total increases

2,441,618 Funding distributions

98,278 Change in NPV of pledge receivable

Grants provided by the University Health Systems of Eastern Carolina

501(c)(3) or government entity and recipients are required to provide proof

of their status by submitting a copy of their IRS Letter of Determination.

Requests must be related to disease prevention and disease management or

wellness or children services. Once the grant has been awarded, the

Foundation gets a mid-term update report from the grantees of the

progression status towards the achievement of the specified goals. Any

**Part IV** Supplemental Information

revisions to the original grant specification has to be requested formally and approved by the Foundation. The mid-term report also indicates the corresponding grant funds used and at the end of the period, all unused funds are returned to the Foundation.

## Part IV

Basis for characterizing contributions not reported as revenue:

Vidant Health Foundation raises contributions on behalf of the not-for-profit hospitals in the ECU Health system. These contributions are considered agency transactions under generally accepted accounting principles. contributions received through agency transactions are not recorded as revenue on the books of the agent. The primary factor in determining if a transaction is considered an agency transaction is "variance power". If the donor stipulates the final recipient of the contribution, then the agent does not have variance power and would not recognize the contribution as revenue or the distribution of those funds as an expense.

See next page for more detail:

Agency fund transactions for the fiscal year ended September 30, 2022 are as follows:

for each program from the following list including: access to care, chronic disease prevention and management, nutrition and physical activity, diabetes prevention and management, and maternal and child health. The grants program's health priorities are determined by information obtained from the Community Health Needs Assessment (CHNA). Each ECU Health Hospital collaborates with their local health department to conduct the CHNA. Volunteers from their local Healthy Carolinians partnership or other health collaborative assist in the process of gathering information for the CHNA.

2. The populations served are largely the poor, the under-served, and minorities. Determination of specific populations to address occurs when partners such as the North Carolina Department of Health and Human Services, local health departments, county Healthy Carolinian task forces, or physicians identify a quantifiable need, and community partners are engaged to work together with the health system.
